

Bouhan Falligant handles a wide variety of cases ranging from simple tort-based complaints to complex, multi party disputes. Our neutrals' first-hand knowledge and experience allows us to settle a substantial portion of the cases handled, which helps our clients reduce the cost of litigation as well as the emotional and time-consuming experience of a trial.

All Bouhan Falligant neutrals are certified by the State of Georgia's Office of Dispute Resolution and therefore comply with the most restrictive of requirements to remain up-to-date on ADR (Alternative Dispute Resolution) practices and training. We are capable to mediate your case at our facility, at your offices, or at another location in Coastal Georgia.
